Institutional Planning & Analysis  
Subject: Nursing Graduate Follow-Up Information  
Date: October 1, 1991

Per your request, the Office of Planning & Analysis has collected and analyzed data on OCC Nursing program graduates. Two reports (attached) were produced based upon the information we collected. The first report is based upon student demographic data for all IJL graduates from academic years 1988-89 and 1989-90. The second report reflects data collected in a survey of IJL graduates from 1990.

If you would like any explanation of the data contained in these reports, please feel free to contact me at 7746.
