

DALNET Access Task Force

Statement of Charge and Purpose

Ver 2.0

August 25, 1993

MISSION:

The DALNET Access Task Force is responsible for formulating and recommending access policies and procedures among the DALNET libraries. The Task Force is responsible for examining all aspects of this mission, including current and future policies and services.

GOALS:

- o Review and report in an organized fashion the current access policies and mechanisms that exist among DALNET members, this shall include but is not limited to, ILL, Reciprocal Circulation, and Infopass.
- o Review the intracampus loan portion of the NOTIS PacLoan software. Identify policy and implementation considerations regarding the DALNET installation of this system. Develop a document for the DALNET Board outlining how this system should be implemented, including any changes to DALNET ILL policies.
- o Review the issue of reciprocal interlibrary loan among the DALNET libraries and make recommendations to the DALNET Board regarding policy and procedure changes necessary to improve access.
- o Review the issue of reciprocal circulation among the DALNET libraries, and make recommendations to the DALNET Board regarding any changes to the current practices necessary to improve access.
- o Review and make recommendations about the reimbursement of DALNET libraries that become net lenders based upon the proposed changes to interlibrary loan and circulation practices.
- o Investigate the issue of state funding for DALNET access services and make recommendations to the DALNET Board regarding possible projects that should be pursued at the state level.
