**Cc:** MiLE URSA System Communicatoin List and Exchange; A. Michael Deller; Michael C Piper  
**Subject:** Grant application

I am sorry to inform you that the Library of Michigan has not funded our LSTA grant application built around promoting MiLE. The letter we received does not provide any details about why the grant was not funded but we can, if we wish, follow up with them for more details.

Many thanks to all who helped us to develop this grant. It is disapointing to miss out on the funding but I think we should all be proud of our effort and look for other ways that we can achieve our goals!

-eileen
