TMC Report to Senate October 2014

- Roles and Responsibilities of TMC
  - Create and maintain the Academic Technology Plan
  - The current ATP was created and accepted by Senate in September 29, 2005
    - TEC standard
    - Create a TLTC on each campus
  - Report on those items
    - TEC standard has been created and updated several times
    - Secured spaces on each campus to house a TLTC – moved a couple of times – shift in structure – space is needed?
    - So we took a look at the usage of the TLTCs per campus

- We pulled data from the machines in the TLTCs
  - Applications used
  - We found some were never used
 - I grouped the similar items and found:

Application	Launches
Adobe	16207
Browsers/Outlook	12330
Office	8866
Snagit	4153
CamtasiaStudio	96
Bridge	47
Datatel	17
CamRecorder	6
Graphing Calculator	3
NutritionistPro	3
TurningPoint_4_5_1	1

Application	Launches	Total Usage Time	Avg Usage
3dsmax		0 00:00:00	00:00:00
7zFM		0 00:00:00	00:00:00
Acrobat		65 11:02:18	00:10:11
acrobat_sl		506 08:50:03	00:01:02
AcroRd32		0 00:00:00	00:00:00
Adobe		572 19:56:16	00:02:05
Adobe Audition CS6		0 00:00:00	00:00:00
Adobe Encore		0 00:00:00	00:00:00
Adobe Prelude		0 00:00:00	00:00:00
Adobe Premiere Pro		0 00:00:00	00:00:00
Adobe_Updater		0 00:00:00	00:00:00
AdobeCollabSync		0 00:00:00	00:00:00
AfterFX		0 00:00:00	00:00:00
AutoCAD_Architecture_2013_SP1_64bit		0 00:00:00	00:00:00
autocad_help_2013_english_win_64_32bit		0 00:00:00	00:00:00
Bridge		0 00:00:00	00:00:00
CamRecorder		2 00:38:34	00:19:17
CamStudioPortable		0 00:00:00	00:00:00
camtasia		0 00:00:00	00:00:00
camtasia (1)		0 00:00:00	00:00:00
CamtasiaStudio		17 08:15:56	00:29:10
chrome		17 07:51:30	00:27:44
Cohen Medical Terminology		0 00:00:00	00:00:00
COMPASSESLInternetVersionFull		0 00:00:00	00:00:00
DataStudio		0 00:00:00	00:00:00
datatel		1 00:50:45	00:50:45

I looked at unique log-ins – but the data was skewed as some users would log in but not log out. And I found staff and students were logging into those machines

campus	hours	unique logins	hrs/login
AH	5432	130	41.8
HL	1290	71	18.2
OR	6110	79	77.3
RO	8678	151	57.5
SF	6009	35	171.7

HOURS USED PER CAMPUS

1453 hours/20 logins

942 hours/28 logins   1145 hours/ 4 logins

306 hours / 4 logins

423 hours / 2 logins

	AH	HL	OR	RO	SF
hours	5432	1290	6110	8678	6009

So I looked at printer usage – We found the default setting for the computers at SF were set for the color printer. This has been corrected. Each department gets charged for their usage….$20,180 distributed
	total pages	# jobs	cost
AH	23022	2163	1497.28
HL	40183	1800	1746.69
OR	56491	4051	2980.14
RO	116465	7783	11478.71
SF	25478	1308	2477.39

IT pays for the paper - 523 reams

Conclusion? Or more questions?

- ▶ What are we missing?

- ▶ The Academic Technology Group are NOT lab assistants!

- ▶ Have these rooms become Adjunct areas for answering email?

- ▶ Do we need a bigger space for our Adjuncts, rather than those little cubby-holes we have for them?

- ▶ Are the applications in the TLTCs the apps we want and need?

- ▶ Do we need a more timely graphic services?

- ▶ What is the future of the TLTCs?
