

Does Your Choice Really Make a Difference?

There are many sources for church supplies and Bible class literature. Most carry pretty much the same selection of brotherhood publications. Does it really matter which source your congregation uses? Many agree that it does make a difference!

One reason to make purchases from the Rochester College Bookstore stands far and above all other reasons.

- All profits from the Rochester College Bookstore provide **scholarships** that enable talented young people to obtain a Christian education.

From a practical point of view, there are other good reasons to purchase from the Rochester College Bookstore.

- The Rochester College Bookstore sells materials at **publisher prices**. Your congregation can provide scholarships while purchasing items at the same price they would pay to the publisher.
- Phone orders normally are filled within 24 hours by the Rochester College Bookstore. Closer often means faster delivery for congregations in the Midwest. Local churches can pick up orders and save shipping costs!

Someone will benefit from the purchases your congregation makes. Why not the students of Rochester College?
