#86 Documentation:

Measure: Annual Matriculation Rate

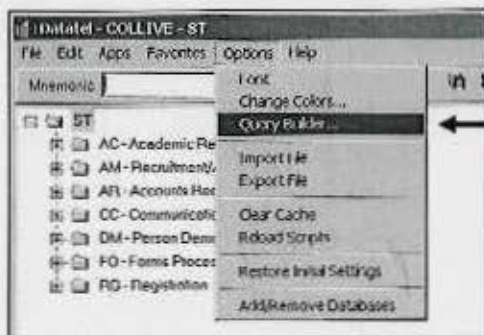

Operational Definition: Among all applicants who indicated that they plan to enroll (start) during a specific Fall term, then number who actually do so. Formula = number of applicants who are enrolled on the Fall term one-tenth-day divided by the total number of applicants who indicated that they expected to enroll (start) in the same Fall term. Do not include applicants who indicated that they plan to enroll in any other term.

Summary of Stats:

	Total Number of applicants indicating they plan to enroll during the Fall of the respective year	Number of applicants who actually enrolled in that respective year/term.	Answer: (applicants who enrolled / total # applicants indicated they planned to enroll)	Comments
Fall 2005	8,764	5,272	$5272 / 8764 = .6015$ (60.2%)	
Fall 2004	8,837	5,242	$5,242 / 8,837 = .593$ (59.3%)	
Fall 2003	8,875	5,465	$5,465 / 8,875 = .616$ (61.6%)	
Fall 2002	9,098	5,562	$5,562 / 9,098 = .611$ (61.1%)	
Fall 2001				
Fall 2000				

Process:

- Pull applicant 'Start Term' data from Colleague.
- Using Query, extract data from Colleague. You will need to modify the term/year to fit your needs.

Because I had to run the query again, I couldn't get the same N as this data, but it's only 6 people off. N = 8770

The fin. aid dept. lady had a bad attitude. We came in in August, but she didn't inform us of the deadline date for applying for fin.aid for the Winter term. So we missed the Nov. 15 deadline. Now I can only afford one course at a time.	1	.8	.8	99.2
The financial aid people were kind of bitchy. When I originally applied for Fall 2005, I didn't hear back. When I wanted to enroll for this Winter, I thought I'd have to re-apply, so I did that. Then after that I registered for Winter.	1	.8	.8	100.0

I suggest that occ get rid of the 2 to 3 year waiting list to even apply in the nursing program monroe community college does not do that when you apply they go by who scores the highest and a few other things	1	.5	.5	78.3
i think it was quick and easy	1	.5	.5	78.7
I think that application process should be a lot faster as far as the response to students, by the time I got a response from occ it was to late to enroll	1	.5	.5	79.2
I think the application process should be a little easier.	1	.5	.5	79.7
I think they should have more information at OCC's orientation program. I also think it's pretty bad that OU accepted me for the same program that OCC said I did not have enough credits for. [Nursing].	1	.5	.5	80.2
I was not happy with the accademic counselor	1	.5	.5	80.7
I wish i could have gotten a responce back from OCC,whether I was accepted or not.	1	.5	.5	81.2
It was a very good experience.	1	.5	.5	81.6
it was time consuming and very annoying to have to register in person and not on line	1	.5	.5	82.1
It would have been better to learn online that OCC's program required that I take 4 more courses to be considered for nursing. As it was, I had to drive at least an hour to get there & learn this.	1	.5	.5	82.6

The people in the financial aid could be a little nicer. The wait for seeing a counselor was 2 hour I feel that was terrible	1	.5	.5	97.6
The prerequisite for the nursing program at OCC is very different than other schools. Henry Ford CC does not require Chemistry to get into the program,for example and I didn't have to do that for Henry Ford.	1	.5	.5	98.1
They should tell people what they'll need up-front (applying for fin.aid) so they don't miss the deadline.	1	.5	.5	98.6
