*****Summer 2007 First Day of Session.
 *****Colleague DEMO 01032007.SPS, January 24, 2006
 *****Prior to running this syntax several Replace All commands must occur. Be careful not to change comments or Student ID's. First, the date portion
 *****of the raw data files must be adjusted. For example, Replace all 'SEP1404' with 'JAN2304'.
 *****Next, the term file in the Research Data file must be replaced, e.g. 'Winter 2005' with 'Winter 2004'.
 *****The foreign person alien status file has a different naming convention and must also be replaced.
 *****Replace 'OTD' with 'otd', for example. The output file term identifier needs
 *****to be replaced as well, for example 045T with 051F or 045T with 041T. Replace the full Headcount
 *****file name in order to ensure that the correct extract is used for counting purposes.
 *****Replace " ** of Session" sub-directory.
 *****This syntax has been change for new XIR2 headcount extract/gmf.
 *****This syntax has been changed to reflect new data paths/gmf.

***END OF SESSION DEMO (INCORPORATING GRADE TO DETERMINE COURSE STATUS)
 **Prior to running this syntax several Replace All commands must occur. First, the date portion
 **of the raw data files must be adjusted. For example, Replace all 'SEP1404' with 'JAN2304'.
 **Next, the term file in the Research Data file must be replaced, e.g. 'Fall 2004' with 'Winter 2004'.
 **The foreign person alien status file has a different naming convention and must also be replaced.
 **Replace 'eos' with 'eos', for example. The output file term identifier needs
 **to be replaced as well, for example 045T with 051F or 045T with 041T. Replace the full Headcount
 **file name in order to ensure that the correct extract is used for counting purposes.
 *Replace "Updated ** of Session" sub-directory.
 ** Note that for Fall 2004 End of session the student demographic and headcount files are dated
 JAN0405.
